

## THE OHIO STATE UNIVERSITY

---

Request for an Exemption to the Standards and Guidelines for  
Reading Recovery in the United States.  
The Ohio State University  
Reading Recovery University Training Center

*The Standards and Guidelines were developed to monitor the use of the Reading Recovery license and to assure good quality implementation of Reading Recovery. No set of standards can cover every issue that may arise, however, so a process to request an exemption from a standard was put in to place. That process is outlined in the Standards and Guidelines for Reading Recovery in the United States ([readingrecovery.org](http://readingrecovery.org)).*

*Before requesting an exemption, teacher leaders should contact an OSU trainer about the situation in order to problem solve the issue.*

Teacher Leader:

Site Name:

Contact Information:-

Email:

Phone Number:

Date:

Standard for which the waiver is needed:

What do you need to do differently?

Tell us why the standard cannot be met:

Standards ensure a quality implementation of Reading Recovery. What will you do ensure that the goal of the standard is met?

Waivers are given for one year only. What will happen next year?

Which trainer have you been in contact with to problem solve the issue?

**Please submit all waivers via email to [osurr@osu.edu](mailto:osurr@osu.edu)  
or via fax at 614-292-4260.**
